Attention is called to item, page 22, of last year's published report. Book No. 4,638 was listed at \$500.00.—\$200.00 should be correct amount as above stated.

March, 1903, \$500.00 was reported in hands of Trustees for investment. Five hundred dollars more has been added, and invested, increasing the fund to \$8,100.00.

ARTHUR T. CASS, Treasurer.

We have examined the above accounts, and find them correct. We have also examined the securities as listed, and find them on hand, and kept in deposit box in vault at the Bank, the key being in custody of the Town Treasurer.

Fire Precinct Report.

To the voters and tax payers of the Tilton Fire District:

The board of Firewards submit the following report for the year ending Feb. 15, 1904:

Following is a list of the fires and alarms for the year:

Apr. 20, 5.50 p. m., alarm for fire, corner Chestnut and High Streets, apparatus not used, damage slight, caused by oil stove overflowing and catching fire.

Apr. 21, 5.30 p. m., alarm for fire at C. H. Philbrick's wood yard, buildings destroyed and contents badly damaged, loss estimated about \$2,500. Fire evidently caught from engine of freight train on siding.

Apr. 24, 6.45 a. m., alarm for fire at residence of S. W. Taylor, damage about \$75, apparatus not used. Caused by oil stove catching fire.

May 8, 9.20 a. m., alarm for fire at O. & E. Morrison's mill. This proved to be one of the most stubborn fires we have ever been called upon to fight at this mill, and it was nearly two hours before it was under control, and we had seven streams playing at one time. Fire caught in picker room and was confined to same. The roof of building badly damaged.

May 26, 2.40 p. m., telephone message received from Lakeport asking for assistance, and we sent one hose carriage and four men by special train at 3.45 and reached there about 4.00 p. m., in season to render some assistance.

July 21, occurred the most serious fire which has visited the town for many years, when at 2.40 a. m., the alarm was given

for fire at Hotel Loverin. The hotel and contents together with the stable, including 17 horses, numerous carriages, harnesses, Etc., were entirely destroyed. The building owned by Mrs. C. E. Tilton, and occupied by H. A. Morse, the Town Hall and the residences of Dr. B. W. Carr and Mrs. H. Copp, were badly damaged by fire and water, but were saved after a hard fight. It was soon evident that our department could not handle it alone, and assistance was asked from Franklin and Laconia, and was cheerfully sent. The steamer from Franklin was the first to arrive and was set at the river, near the grist mill, and was soon doing good work, and it is to their good work that the Town Hall and Dr. Carr's residence were not more damaged. The steamer from Laconia reached here about 5 a. m., but the fire then being under control, they did not unload. The cause for this fire has never been definitely settled upon, but is supposed to have caught in the kitchen. The loss was estimated at \$40,000. To show that the services of the outside companies were appreciated, we think a vote of thanks should be given them at the Precinct meeting.

Oct. 10, 4.15 a. m., alarm for fire at Mrs. Nellie Story's house below the fair grounds. The department responded but as it was so far away they were sent back to engine house. The house was a total loss.

Nov. 4, 11.40 a. m., alarm for fire at residence of John Johnson on Bay St. We used about 1200 feet of hose and run the water up hill, but managed to stop it in the second story. Loss \$1000, insured for \$700.

Dec. 26, 11:25, a. m., alarm for fire at A. D. Carter's mill, fire soon under control and damage small.

Jan. 2, 1904, 2 p. m., alarm for fire at the Tilton Box Co., no damage, and apparatus not used.

During the year we have purchased 250 feet of hose, and now have about 1700 feet of good hose. The fires we have had the

past year have been very hard on the hose, and we are badly in need of more new hose, therefore we recommend that the Precinct purchase at least 1000 feet this year.

The fire company was reorganized in November. The old company having resigned we formed a new company and they are taking a great deal of interest in their work and we have no doubt will make a good showing.

In regard to the fire alarm system, we would say the state board of Underwriters claim that it is not suitable and they have condemned it and say the district should put in a first-class system, either the Gamewell or Stevens, and we so stated in the warrant.

The following orders have been issued on the treasurer during the year:

ANNUAL REPORT

OF THE

TOWN SCHOOL BOARD

Our annual report for the year ending March 1st is herewith submitted.

Four schools have been maintained the usual number of weeks. Three of our teachers have served us previous to this year, and, we think, have maintained their former standard of excellence in both work and discipline. The new teacher in No. 4 has we believe, given general satisfaction.

We wish to thank those parents who have manifested their interest in the schools by visiting them, and we hope others will follow their example. Come and see what teachers and pupils are doing.

Many new books have been purchased to take the place of worn out copies, and in some cases new authors have been added. The supply of books now on hand is good and we think but little will be needed to carry the schools through another year. The bill for repairs is somewhat larger than last year and there is still much to be done.

We have registered during the year the following:

Whole number of pupils,	119
Boys,	56
Girls,	63
Under five years,	2
Over sixteen,	2

Number of visits by school board,	17
“ “ of citizens,	321

The following are on the roll of perfect attendance :

Spring Term.

Gertrude Knapp, Hazel Raymo, Arthur Randall, Earle Randall, Forrest Hill, Perley Smith, Arthur Smith, Karl Turner, Blanche Bragg, Arlin Caverly, Mabel Lamonde, Gladys Tilton, Gertrude Turner, Helen Turner, Everett Gile.

Fall Term.

ANNUAL REPORT OF THE BOARD OF EDUCATION,

Of Union School District, No. 1, in Tilton.

The year just closing has been exceedingly pleasant and harmonious as well as one of good steady progress. The efforts made by our principal and the school board to bring all the schools more completely into the same line of action have met with gratifying success.

Our teachers deserve credit for the work they have accomplished. They have wrought together for a common result, not with individual purposes.

The furnishing of the last new school room and the adding of another teacher to our corps of teachers have been of untold benefit to our schools. The course of study has been revised and a copy placed in every family. The school course formerly nine years has been shortened to eight years. As much ground will be covered as in the nine years' course, because more work will be done in each grade. The schools have all been carefully regraded and we have now eight grades, with one grade in each room and eight teachers, namely:

1st Primary,	1st Grade,	Miss Maloon
2nd “	2nd “	“ Foss
1st Intermediate,	3rd “	“ Stevens
2nd “	4th “	“ Bullock

3rd Intermediate,	5th Grade	Miss Flagg
1st Grammar	6th “	Mrs. Abbott
2nd “	7th “	“ Seymour
3rd “	8th “	Mr. Seymour

Another much welcomed change is the coming of the special music teacher, Mr. Osgood, and the drawing teacher, Miss Jewett, each week instead of every other week as formerly. A debating club has been organized including the seventh and eighth grades, under the direction of our principal. This gives the pupils a much needed drill in parliamentary law, debating, speaking and essay writing. Parents would do well to visit the club often.

Many additions have been made to our text books. New Geographies of the latest editions have been placed in these grades. New supplementary Readers have been put in all the grades. A set of maps in Columbia Case has been added. A flag pole has been purchased and erected, and a flag raising enjoyed with suitable exercises.

The money appropriated for more seats for the assembly hall was expended as economically as possible, and we now have seats enough for our hall. The heating surface in the new room was found to be insufficient to heat it, so it had to be newly piped, the same as the room under it which was piped last year.

There have been 296 scholars enrolled on our registers during the year. At the present time there are 286 scholars, 18 of these being tuition scholars. Eleven labor certificates have been granted during the year.

A kindergarten class is much needed and we hope this will be among the needed improvements at no late date.

A superintendent whose time could be wholly given to the schools, would be appreciated by our teachers, and would

make our schools rank with those of the leading towns of our state.

The number of different pupils enrolled two weeks or more during the year is as follows:

Grades	Boys	Girls
1	27	31
2	26	10
3	19	14
4	14	18
5	22	14
6	9	18
7	18	20
